REASONS FOR ALLOWANCE

The Declaration filed on 4/30/2008 under 37 CFR 1.131 is sufficient to overcome the Greffrath et al. reference by establishing a reduction to practice prior to Greffrath et al.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose or fairly suggest a method of stimulating a single nerve using an infrared diode laser to produce a single mode stimulation of the nerve. Irradiation of neural tissue to stimulate healing is known in the art, however, in the research area, the unique stimulation of a single nerve is necessary to properly detect the neural response.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
